"with" is a very common word and was not included in your search. [\[details\]](#)

**Scholar** [All articles](#) - [Recent articles](#) Results **71 - 80** of about **41,900** English pages for **signature with conjugacy problem**. (0.14 seconds)

The topological **conjugacy problem** for generalized Hénon mappings: some negative results

C Tresser - Bulletin of the Brazilian Mathematical Society, 1982 - Springer

... 115 The topological **conjugacy problem** for generalized Hnon mappings: some negative results. ... Tile topological **conjugacy problem** for generalized H6non mappings ...

[Related articles](#) - [Web Search](#)

[PDF] \*... Construction of a group with solvable word **problem** and unsolvable **conjugacy problem** for an algebraic ...

A Kollling - 212.201.48.1

... unsolvable **conjugacy problem** for an algebraic encryption protocol ... able **conjugacy problem** for an application of a group theoretic protocol for a key exchange ...

## Designated Verifier **Signature** Scheme Based on Braid Groups

S Zou, J Zeng, J Quan - eprint.iacr.org

... In this paper we first propose the designated verifier group **signature** scheme based on the **conjugacy** search **problem** and the root **problem** in the braid groups ...
